

GALPILS™

**BLAST YOUR WAY THROUGH
MULTIPLE CHALLENGES IN A
DEADLY BATTLE AGAINST
INTERGALACTIC ALIENS!**

Position your eight-way joystick and aim your firing button Galpils in on this attack! They are a colony of killer outer space insects...and their sting is extremely fatal. As Galpils appears on the screen in different forms and flight patterns, shoot them with your arsenal of missiles. Points scored will depend on which Galpils you destroy and in what formation they appear when hit. The more attacking aliens you shoot down, the higher the point value!

GAPLUS IS ON THE ATTACK

TEST YOUR ENDURANCE IN A GAME OF RAPID-FIRE ACTION!

DESTROY ALL GAPLUS!

The round clears when all Gaplus are eliminated. Zero in on the Queen for she's the keeper of the powerful Blaster Head. Hit her twice and the Blaster Head connects to your fighter for extra attack power:

- **PHALANX ATTACK** allows the Tractor Beam to swallow up the enemy and convert them to your ally for multi-missile bombardment.
- **HYPER ATTACK** gives you the power to fire missiles in devastating multiples of two.
- **CYCLONE ATTACK** beams in and smashes the enemy apart allowing for double point values.

PREPARE FOR THE "CHALLENGING STAGES"

Keep a watchful eye on the enemy in Rounds 3, 6, 13, etc. In these Challenging Stages the Gaplus will circle and when fired upon will form letters or bars across the top of the screen worth extra points. If the letters spell out **BONUS**, **GAPLUS**, **DOUBLE**, or **TRIPLE**, the bonus points will be increased!

BEWARE OF STAR FLASHES & TOFU ATTACKS!

When a fiery flash appears on the screen, a star will form and split into 4 parts before attacking your fighter. Use your missiles to shatter all four parts and escape danger.

When a Gaplus veers from the formation and is hit, his ghost will transform into a deadly "bean curd". Blast away the ghost to ward off attack on your fighter.

A BONUS FROM THE QUEEN!

Accumulate enough bonus points and earn your fighter a bonus ship. The Queen Gaplus will deliver parts of the fighter's plane. When all three parts are put together, one bonus ship is awarded!

Special Scoring Feature allows top 5 players to enter their initials on the screen at completion of a high-score game.
